

PROMOCIÓN "CENTER DRILL"

One Shank for **11** different inserts

The diagram illustrates a central shank that can accommodate 11 different insert configurations across four types (A, B, C, D):

- A TYPE:** Inserts with diameters of 2.5 mm and 3 mm, grades B350 and K10.
- B TYPE:** Inserts with diameters of 2.5 mm and 3 mm, grade B350.
- C TYPE:** Inserts with diameters of 2.5 mm and 3 mm, grade B350.
- D TYPE:** Inserts with diameters of 2.7 mm, 3.2 mm, and 3.7 mm, grade B350.

Below the diagram is an image of the center drill kit components in a green tray.
